

Evaluation Returns

Most popular sessions:

1. Emergency Management Planning and Training Assistance
2. Breakout Panel Discussion on Rail Shipments of Foreign Research Reactor SNF and Naval Fuel (tie)
3. Routing Topic Group meeting
4. Topic Group Reports
5. Breakout Group Reports

Suggestions for future meetings:

- More information on prospective shipping campaigns
- More discussion of the role of states and corridor jurisdictions
- Need for more direct participation by meeting attendees—make meeting less of a "briefing"
- Future plenary on lessons learned from WIPP planning (and operations after it opens)
- Future plenary on public outreach—what mechanisms available, how to improve, etc.
